# # Energy driving control

Introduction of power

Good quality strong power fast speed low fuel consumption

Mitsubishi 4A95TD 1.5T TD Direct injection engine

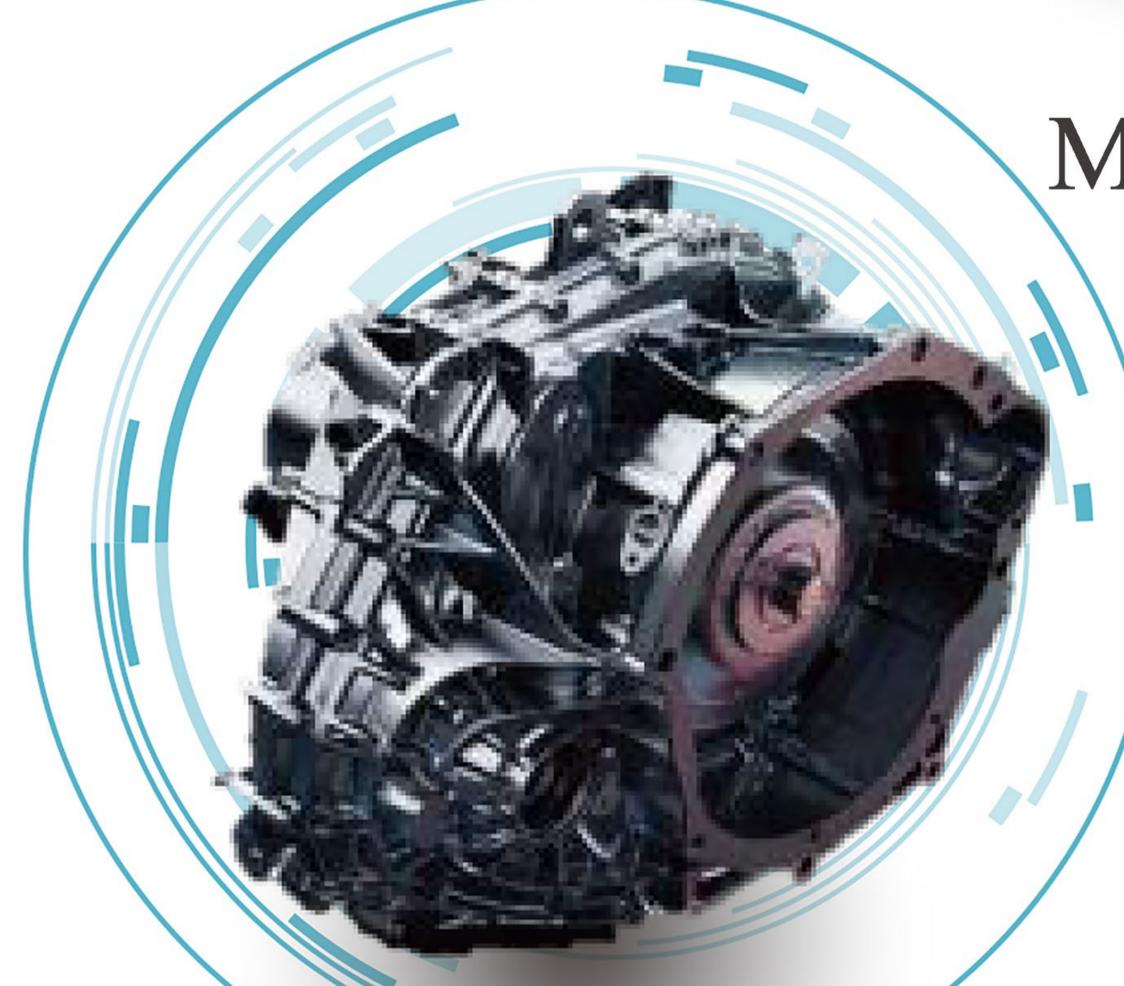

# The world-famous Mitsubishi 4A95TD engine

Fuel consumption for 100 kilometers is  $6.6\,\mathrm{L}$ 

Maximum power 145w

Peak torque 285 N.m

Magna 7 speed wet type

Double clutch gearbox

Equipped with the same transmission as Mercedes-Benz's new generation A-class and BMW X1

Comprehensive mechanical efficiency of 98%

0.2S extreme speed shift Support three dynamic models: standard, economy and sports.

High linear stability, fast curve response, less tire wear, can take into account both control and comfort

# 2021 **T5 EVO Spec**

Brief Introduction of the content

Excellent braking system Very 1M shortened is the protection of life

Bosch 9.3ESP body stabilization system Handle more freely, and the driving is more stable

Skydome EYE-MAX panoramic sunroof Uses laser tailor-welded steel plates and then integrally stamped and formed to optimize performance, weight control, and space utilization steel

Meet the five-star safety collision standard

then
The proportion of high-strength steel is more than 76%.
The industry's innovative "several"-shaped frame body structure has a yield strength that reaches the level of nuclear submarine steel, providing you with a solid and reliable driving safety guarantee.

Electric induction tailgate

5 kinds of opening methods, can meet the use of various life scenes

6 airbags 5 star safety, providing effective anti-collision protection

Dual 10.25-inch smart dual-connected screens:

# Clear information at a glance, more friendly interface, more stylish appearance, clear and intuitive during the day, no glare at night

## # Magic space

#### Introduction of space

#### Light luxury interiors bring an elegant atmosphere beyond the ordinary:

The stretched horizontal design elements and the enveloping central control design create a simple, relaxed, comfortable, safe and comfortable interior atmosphere for the driver and passengers. The bridge-shaped sub-instrument panel has smooth and simple lines.

#### Immersive first-class seats

NAPPA leather seats with massage function and co-pilot boss buttons, as well as the refrigeration and heating functions of the armrest box, give you the luxurious experience of a first-class seat.

The loading space is variable
The 480L suitcase can be loaded with 8 20-inch trolley cases. The rear seats are completely reclined, with a space of 1480L, allowing two adults to lie flat in it.

Deep sea level NVH 37 decibel deep sea level silent design

Environmentally friendly cockpit

# CN95 air conditioning filter element: dust storm outside the car-clean and refreshing inside the car-

### # Charm value

#### Appearance introduction

Million face value-the pioneer of trend SUV

#### Beast bionic front face

Matching the front grille with fangs, tough and domineering, standing in front of the car, the young and wild sense of strength and aggression comes to you.

LED hunting eye headlights Energy-saving and the performance as usual. With the knife-shaped lamp set, it is brilliant and bright, giving you 1080P night scene high-definition picture quality.

### A lion's sharp waistline

The sexy "mermaid line", like the hormone of walking, is amazing as soon as it comes out.

Assault rear design With the assault tail wing and Thunder Sound 4 exhaust, you can get rid of the wind and enjoy the fun of speed
